

World History I Video Rubric

Name: _____

Topic: _____

Points will be given for each of the following categories depending on how well you met the criteria.

Your final presentation score will be calculated by adding up your points from each category.

Quantity of Information

Did your video portray a variety of important things about your topic?

Points: _____/15

Quality of information

Did your video effectively communicate and show the important things you chose to represent about your topic?

Points: _____/15

Sources of Information

Did your video include things that came from both the class material and your outside research?

Points: _____/10

Time Fill

Is your video between 2:00 and 4:00 long?

Points: _____/10

Is the information appropriately spaced out throughout the length of the video or are there spaces that just take up time for no reason?

Audio

Is there audio that effectively contributes to the video?

Points: _____/15

Is the audio able to be clearly heard throughout the entire video?

If you are using your voice, is your voice clear over anything else you might have also included?

Visuals

Is your video filled with appropriate and relevant visualization, whether that means anything from pictures to videos of you acting?

Points: _____/15

Video Quality

Is the video clear and of a good quality for the audience to see everything you want them to see?

Points: _____/10

Listening, Active Engagement, and Asking Questions

Did you give your full attention to every other student's presentation for those who chose to do a presentation?

Points: _____/10

Did you take notes during other students' presentations to inform your questions?

Did you consistently offer relevant questions to other presenters to help expand understanding of the presentation topics?

Additional Comments:

Total Points: _____/100
